<b>Project Log Sheet - Supervisory Sessions for CIS6002 Final Dissertation Project</b>
--

**Notes on use of the project log sheet:**

1. This log sheet is designed for meetings of more than 15 minutes duration, of which there must be at five (05) during the course of the project (FIVE mandatory supervisory sessions).
2. The student should prepare for the supervisory sessions by deciding which question(s) he or she needs to ask the supervisor and what progress has been made (if any), since the last session.
3. A log sheet is to be brought by the student to each supervisory session.
4. The actions by the student (and, perhaps the supervisor), which should be carried out before the next supervisory meeting should be noted briefly in the relevant section in the form.
5. The student should leave a copy (after the session) of the Project Log sheet with the supervisor and to the coordinator (for Assistant Manager to include his signature). One copy should retain with the student.
6. It is compulsory that students bring their previous supervisory session log sheets together with the project file during each supervisory session.
7. The log sheet is a deliverable for the project and it is an important record of a student's organization and learning experience. The student **MUST** hand in the log sheets as an appendix of the final year documentation, with sheets dated and numbered consecutively.
